

## **FAQ: Mentee Recruitment for 1000 Girls, 1000 Futures**

### **Q: Why do I want to be a 1000 Girls, 1000 Futures mentee?**

A: As a mentee, you will have access to not only your own, hand-picked STEM mentor, but an entire network of mentors and mentees just like you all over the world, all working toward different STEM disciplines. You could make friends and create new networks halfway around the world!

### **Q: Is there anything else offered besides having a mentor?**

A: We will offer supplemental programming to help support what you will be learning with your mentor. You will develop skills in leadership, communication, and critical thinking while also learning the different steps it takes to apply to college. Best of all, nothing is graded or on weekly deadlines-you will be able to make your own schedule and choose the activities you want to complete.

### **Q: What if I don't know exactly what I want to do in STEM?**

A: That's okay! You don't have to know your exact career path right now to be eligible. In fact, you can use the network, mentor, and programming to help you figure out what your next steps might be.

### **Q: How long is the program?**

A: The program cycle is for one calendar year. You will apply and be selected in September/October 2016 and programming will begin soon after.

### **Q: How can I be a mentee?**

A: Our mentee application opens on September 9<sup>th</sup>, 2016. You can visit our website to sign up to be informed!
